

# RACING AT GATWICK AND NEWCASTLE

**Bowood To Carry Royal Colours in Gatwick Plate—  
Latest Cambridgeshire Happenings.**

## LONDON CHALLENGE CUP SURPRISES.

An overcrowded week's racing begins to-day at Gatwick and Newcastle. These meetings are followed by Doncaster, Sandown and Stockton, and with trainers so handicapped by the ground and the coughing epidemic it is easy to see that some of the sport during the week may be decidedly thin. My selections for to-day are appended:—

GATWICK.	NEWCASTLE.
2.0.—VENIZILOS.	1.45.—GLENTOCH.
2.20.—BLAQUELOM.	2.15.—DINNA PROSPECT.
2.0.—FRANK WEBBER.	2.45.—CHARLEY'S AUNT.
1.10.—KILLINEY.	3.15.—EVANDER.
2.30.—WHISPERING.	3.45.—BALDER.
4.0.—WINTER KING.	4.15.—LANCASHIRE.
4.20.—ARDERN.	WITCH.

### DOUBLE EVENT FOR TO-DAY.

\* VENIZILOS and ARDERN.

No Craig an Eran to-day.—Craig an Eran will not be seen at the Gatwick Plate to-day, in which the King's colt Bowood will endeavour to change the royal luck. I am afraid, however, he will hardly be

### DOUBLE FROM NEWMARKET.

KILLINEY and ARDERN.

good enough if The Winter King or Mountain Rose put in an appearance. Killiney and Irish Light are both strongly fancied for the Stayers' Handicap, but I prefer Frank Webber, who has been nicely dropped in the handicap.

Cambridgeshire Next.—Having failed to elucidate the mystery of Fishy, the next puzzle is, What will win the Cambridgeshire? Paragon, who disappeared from the race yesterday, had already put himself out of court by earning 10lb. extra at Kempton, and the owner of Orpheus, similarly penalised, would like his champion to have another tilt at Plymouth for £1,000 a-side on the same terms that the pair met at Newmarket last week.

Tetratema and Square Measure.—Until something is definitely known as to the intentions with Tetratema and Square Measure there is not likely to be a lot of business on the race. Abbots Trace, who went a good seven furlongs with Santagust yesterday, is a sound favourite at present, and with the other pair out of the way he will start at a much shorter price than that procurable now. But if either does turn out to-morrow week the situation will be entirely different. Charlesdale is reported on the easy list. Perhaps that is why she was second favourite in Saturday's "call over"? She was on her at 20 to 1 yesterday.

Grandcourt's Chance.—Although Grandcourt has little chance of beating Abbots Trace on the Duke of York Handicap form, he may do appreciably better over this straightaway course. At any rate, he is being backed to do so. Another colt prominent in the market is Black Gown, who so far has shown his best form over short cuts. He galloped a mile yesterday with Pincush and Wee Mon, but we have to fall back on a sprinter to recommend me to Tetratema.

### BOUVERIE.

## LONDON CUP SURPRISES

Third Leaguers' Good Day.—There were some surprising results in the first round of the London Challenge Cup yesterday. Chelsea, Clapton Orient and West Ham were all beaten by clubs in the Third Division, but where league teams were drawn against amateur clubs the paid ranks got through in each case.

Poor Chelsea.—Except that Hampton kept goal in place of Howard Baker, Chelsea played the side which lost at Newcastle on Saturday, but it was not good enough for Millwall. The Lions were the amateur side, but there was little to be seen in a moderate first half. It was in the second "45" that the Third Leaguers did their best work. Hopper scored the first goal after running through the defence and that was the only one scored until fifteen minutes from the end. Then Richardson beat Hampton with a "first timer" from a pass by Moule, and the last named immediately after scored another with a low shot.

Barking's Fine Fight.—Barking put up a really good fight against the Arsenal. Scoring through Dillmore after half an hour's play, they finished the first half two up when the same player converted a penalty just before the interval. Afterwards the superior training of the professionals told its inevitable tale. Baker put the scores level with two goals in quick succession, and towards the finish White (twice) and Butler beat the Barking goalkeeper within the space of seven minutes.

Amateurs Outplayed.—At Champion Hill Fulham outplayed Dulwich Hamlet during the entire period and won by 4-0. The professionals found the net twice in each half, Osborne and Cook being responsible. Longhurst was in goal for the Hamlet, but even had Coleman been playing it is doubtful if he could have saved the shots that told. Another runaway match was that at Shepherd's Bush, where Queen's Park Rangers beat Custom House by 3-0. Chandler and Read (in the first half) and Gregory scored. Custom House were rarely dangerous, but Miller had a couple of shots that the Rangers' goalkeeper was somewhat fortunate to save.

West Ham Put Out.—Brentford surprised West Ham with the amount of vim they put into their work and in the last quarter of an hour the Hammers did not take their position too kindly; in fact, the referee found it necessary to caution two of their players. The first half brought no goals, chiefly because the backs on both sides adopted the one-back game and the forwards were not capable of overcoming it. Twelve minutes after the interval Hendren, who made many fine runs, sent across a centre which Capper headed past Fay. Ten minutes from the end Archie Mitchell scored a second from penalty and the same player headed a third from a corner just before the end.

Charlton Surprise the Orient.—There was no fluke about Charlton's victory over the Orient. Both sides exploited the one-back game, and, doing it better than their Second Division rivals, Charlton won by 2 to 0. An early goal by Steele appeared to put the Orient out of their stride, while naturally having

exactly the opposite effect on the home team. Goodman and Mitchell did splendid work in withstanding some determined Orient attacks, and their efforts were rewarded when Bailey broke away and put the result beyond doubt with a shot too "hot" for J. Harvey to stop.

Spurs and Palace Through.—Tottenham Hotspur and Crystal Palace both won their ties without much trouble. The Spurs scored all five goals in the second half against the Caledonians at Tottenham, Walden getting two and Whitton, Handley and Seed one each. Johnson managed to get a goal for Nunhead against the Palace, but the professionals were two up at the time, and two more towards the finish carried them through. The draw for the second round is: Rangers v. Arsenal, Fulham v. Millwall, Palace v. Charlton, and Spurs v. Brentford.

Six Goals in Seniors' Match.—The Oxford Seniors' match yesterday produced some good football. The score (5 to 1 in favour of Whites) suggests that the match was one-sided, but that was far from being the case. The forwards on both sides combined well, but in front of goal the winners were superior. Cartridge scored four times and Evans once for Whites, while Langley got through for Colours.

Buchan and Internationals.—Charlie Buchan's display at Highbury against the Arsenal once again caused people to wonder why he is not selected to play for England. A member of the Selection Committee was heard to remark that the winger for "never gives of his best in representative games." Why that should be so is difficult to understand. Quite frequently the opposing halves go out of their way to stop Buchan without warring to play football themselves. In this they succeed, but it doesn't help their own forwards.

## RUGBY AT OXFORD.

Oxford Rugby Seniors Draw.—A capital game was witnessed in the Seniors' Rugby match at Oxford yesterday, and so well matched were the opposing teams that each side scored two goals and two tries (16 points). The Colours' forwards were better and their halves quicker, but the Whites were well served by their three-quarters, who made the most of their opportunities. Strachan, Pitman (2) and Haig scored tries for the Colours and Turner (2) and Hillard (2) for the Whites.

County Rugby.—For their match with Hampshire at Blackheath—one of the first contests in this season's competition for the Rugby County Championship—Kent have selected the following strong side: J. C. Hubbard (Blackheath); E. F. Housden (Richmond); H. Graham-Davies (Gray's); P. L. Wilkinson (R.E. Chatham) and J. P. Barnett (Tonbridge); J. Batty (Old Buns Colours) and A. E. Young (Blackheath); Captain R. L. Brown (R.E. Chatham); N. J. O. Carbutt, B. G. Scholefield, L. W. Haslett (Blackheath), L. E. Lovell, F. W. R. Douglas (Richmond), R. S. Hellier (Old Alceynians) and P. G. MacMeekin (R.E. Chatham).

Northants Cricket Crisis.—The trustees of the Northamptonshire County Cricket Club have arranged another meeting of members on October 31 for the purpose of appointing officials and a committee. No anxiety is felt concerning the ability to raise a team next season, most of the professional and a number of good amateurs being available. Fixtures have been provisionally made with all the counties met last season, except Surrey.

Lawn Tennis Surprise.—An outstanding feature of the play in the London covered courts championships at Queen's Club yesterday was the defeat of Mrs. Beamish, the holder of the women's singles,

by Miss K. McKane, with scores of 6-2, 5-7, 6-2. Although Mrs. Beamish did more volleying than usual, the exceptional mobility of Miss McKane was a potent factor in the latter's success in a very fine match. M. J. G. Ritchie, playing wonderfully well, reached the last eight of the men's singles, dropping only three games in three sets to H. R. C. Martin. In the same round the Hon. F. M. B. Fisher, P. G. Lowe and M. Slem were successful.

Lawn Tennis Innovation.—It is probable that the next lawn tennis championships will be fought out on lines different to those to which we have become accustomed. Many of the leading players favour the idea of the holder playing through instead of receiving his energies for the challenge round. A committee is deliberating on the matter, and its findings may be expected very shortly. Should it be in favour of playing through future championships are likely to be won by players possessed of the match-winning temperament, rather than by those who are, above all things, stroke specialists—and that strikes one as good for the game.

## KID LEWIS v. MCCORMICK.

Next Big Albert Hall Contest.—Kid Lewis and Roy McCormick have been matched to box at 11st. 9lb. The contest is to take place at the Royal Albert Hall on November 17, under the direction of Major J. Arnold Wilson. Mike Gibbons, of America, was to have met Lewis on that date, but as he would only have a couple of days in England before the contest, Major Wilson does not think it would be fair to the public to allow him to box with practically no chance of training in this country for such an important event.

Test for W. Hunter.—Jesse Guilford, the new United States amateur golf champion, and clubmate of the former holder of the title, Francis Ouimet, of Woodland, Abundant, Massachusetts, will meet William I. Hunter, the British amateur champion, and Max Marston (Baltusol, New Jersey), the amateur champion of Pennsylvania, in a four-ball match on the course of the Tredyffrin Country Club, Pottsville, Philadelphia, to-morrow. The match will be over thirty-six holes.

To Meet Oxford Golfers.—The following team will represent the Oxford and Cambridge Golfing Society against Oxford University at Frilford Heath, near Abingdon, Berks, on Saturday next: A. C. E. Croome (captain), C. V. L. Hooman, Bernard Darwin, J. L. Humphreys, H. Hargreaves, H. D. Gilles, E. J. E. Akerman, H. W. Beveridge, H. S. Maltby, N. Foster, L. Williams, J. Crabbe Watt, J. S. F. Morrison, H. R. Wakefield, R. B. Vincent, H. F. le Bas and J. B. Beck.

## OTHER SPORT IN BRIEF.

Rugby Match Postponed.—Surrey v. Eastern Counties, fixed for to-morrow, at Richmond has been postponed.

Draw at the Ring.—Charlie Woodman (Wandsworth) boxed fifteen rounds draw with Jim Falcus (Newcastle) at the Ring yesterday.

N.S.C. Boxing.—Billy Fry (Tylorstown) beat Seaman Cox (Rotherham) on points in a ten rounds contest at the National Sporting Club last night.

Last Night's Billiards.—Smith and Falkner began a match of 16,000 up on level terms yesterday. Closing scores: Smith, 1,223; Falkner, 1,192.

Women's Hockey.—The team of English women hockey players has arrived in Philadelphia, and will play their first match—v. All Philadelphia—on Thursday.

Preparing for Jumping Season.—Mr. Reid Walker's Square Meal and Derry left Shifnal yesterday for T. Couthwaite's place at Mednesford to be trained for jumping.

Big Fish at Hastings.—At the Hastings fishing festival nine salmon anglers bagged 570lb. of which over 500lb. was fish of useful size. Mr. W. Harrison was responsible for two turbot weighing 32lb. and Mr. Coleman for 230 whiting, of which 108 were of good weight.

Cambridge Hockey Trial.—Cambridge University Seniors held a hockey trial at Cambridge yesterday, when Colours won by 6 goals to 4. O. G. Millar, M. E. Rowe and R. D. Shaw each scored twice for the winners and C. S. G. Robinson, C. M. R. Hodges and F. C. Badwar were responsible for the Whites' points.

## FAMOUS OLD RECIPE STOPS A COUGH QUICKLY.

Costs Little and Can Be Easily and Cheaply  
Made at Home.

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations by using this well-known old recipe for making cough syrup at home. It is simple and cheap, but it really has no equal for prompt results. It takes right hold of a cough, and gives immediate relief, usually stopping an ordinary cough in 24 hours or less. It clears the head, enables you to breathe easily, and you get a good night's restful sleep.

From your Chemist get 1 ounce of Parmit (Double Strength). Take this home, and add to it one half-pint of hot water and 4oz. of sugar, or two dessertspoonfuls of golden syrup or honey; stir until dissolved. Take one dessertspoonful four times a day.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, hoarseness, or bronchial asthma.

Parmit is a highly concentrated compound of genuine Japanese Mint and Norway pine extract, and is famous the World over for its prompt effect upon coughs. It tastes pleasant, and is good for either children or adults. This plan of making cough medicine for the Home saves you money, and has become very popular with thousands of people who have learned its value. (Advt.)

## PROHIBITION TRUCE POSSIBLE.

Prohibitionists in the United States are seriously considering the lesson taught by South America. The astonishing claim has developed that although alcohol is freely obtainable in South America, the fact is that the country has been practically "dry" for a century. The people don't like, and don't want, alcoholic drinks. They prefer the native Indian drink, yet, an infusion made from the dried foliage of a wild shrub. It is brewed at home very much like tea.

Yek contains no alcohol and is quite harmless, but it nevertheless gives a distinct and delightful stimulation. It promotes merriment and sociability without intoxication; it drives away dull care and depression, leaving no unpleasant reaction, and since its use actually tends to destroy the appetite for alcohol, the "drys" as well as the "wets" are for it. Both hope it will solve the problem for North America, as it has for South America, and a serious attempt is to be made to bring this about.

In England yek has been imported and used for years by South Americans living here, but while it is not very well known to the retail trade, one can always obtain it to order from any chemist in original packages (containing English instructions) at about 2s. 6d., sufficient to make several gallons of the brew.

(NOTE.—In connection with the above report, we beg to take advantage of this opportunity to advertise that we are the principal importers and wholesalers of yek in England. We also sell the original tins at retail, 2s. 6d. per tin, post free. **Advances of Cie, 37, Gray's Inn Road, London, W.C.1.** (Advt.)
